Optomap Retinal Screening

We pride ourselves on providing our patients with the best possible standard of care.

Dr. Korsgarden strongly recommends this YEARLY for all of his patients.

What it is: A retinal photo that gives the doctor a very wide view of the back of the eye. Having a photo gives the doctor the ability to compare photos each year. This can often replace dilation or be done in addition to it for those that require it.

Why is it important: Many diseases have no initial symptoms. Retinal problems (macular degeneration, glaucoma, retinal detachments, diabetic retinopathy) require early diagnosis for the best outcome. **This test can also help detect other diseases such as heart disease, a stroke, hypertension and diabetes.**

The fee for this test is \$39.00. Many offices may charge \$100.00 or more for similar retinal photos. Dr. Korsgarden has greatly reduced the fee to make it accessible to all of his patients as possible to benefit from this technology.

_____ YES, I would like the Optomap® today.

_____ Unsure, I would like more information from the doctor.

I have read and understand this document:

Office Policy and Warranty

Our team is enthusiastic about providing you with great eye care, and finding the right eye wear for your lifestyle. In order to continue providing you the latest styles at truly competitive prices, we do not accept any returns on frames, prescription lenses and contacts once you have placed your order. We want to make sure that your eye wear purchase works and benefits you. If there is any problem with the prescription, you have **60 days** from the purchase date to return for a one-time remake to correct the issues with your prescription. If you were originally seen at our for the current prescription, this office visit is free of charge. If bringing in prescription from another provider, please return with the corrected prescription and we will gladly change it for you within the **60 days**.

Dr. Korsgarden dispenses trial contact lenses at exam to ensure the proper prescription and fit. Specialty and new contact lenses may need to be ordered and may require a follow up visit. Do not open your purchased supply unless you are completely satisfied with the trials given to you. For contact lens prescription or brand changes we will exchange out **unopened, unmarked and unexpired boxes** purchased from Vision Plus for your updated prescription, even at your next yearly exam. **Please note that any box with a UPC or a box end removed for rebates cannot be returned for credit or exchanges.*

All eye glasses (frame and lenses) have a **1 year warranty** for a one-time replacement that covers breakage and scratches from the date of purchase. This warranty includes breakage under normal wearing conditions as well as factory defects. This warranty does not include loss or theft. You must be able to bring the whole product in to us at time of replacement.

Thank you for your business and please reach out to us if you have any questions!

By signing below I agree that I have read and understand Vision Plus' return policy and warranty.
